

LET'S SORT IT

6 simple ways to reduce plastic waste over lunch

Borrow a fork from the kitchen?

Take a cup out for coffee?

Reuse a shopping bag

Try a reusable water bottle

Say no to a plastic straw

Go for food with less packaging

Take a picture and tag us on instagram at [let_sort_it](#)
This poster was designed using Ryman Eco for our friends at Ryman's stationers. It uses 33% less ink than standard fonts which means if everybody switched to this font we could save 490 million ink cartridges and reduce CO2 emissions by 6.5 million tonnes every year.
